FORWARD LOOKING STATEMENTS

This announcement contains forward-looking statements, including, but not limited to, statements concerning expectations, projections, objectives, targets, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions, competitive strengths and weaknesses, plans or goals relating to financial position and future operations and development. Although Georgia Capital PLC believes that the expectations and opinions reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations and opinions will prove to have been correct. By their nature, these forward-looking statements are subject to a number of known and unknown risks, uncertainties and contingencies, and actual results and events could differ materially from those currently being anticipated as reflected in such statements. Important factors that could cause actual results to differ materially from those expressed or implied in forward-looking statements, certain of which are beyond our control, include, among other things: impact of COVID-19; regional instability; regulatory risk across a wide range of industries; investment risk; liquidity risk; portfolio company strategic and execution risks; currency fluctuations, including depreciation of the Georgian Lari, and macroeconomic risk; and other key factors that could adversely affect our business and financial performance, which are contained elsewhere in this document and in our past and future filings and reports and also the 'Principal Risks and Uncertainties' included in the 1H21 Result Announcement and in Georgia Capital PLC's Annual Report and Accounts 2020. No part of this document constitutes, or shall be taken to constitute, an invitation or inducement to invest in Georgia Capital PLC or any other entity, and must not be relied upon in any way in connection with any investment decision. Georgia Capital PLC and other entities undertake no obligation to update any forwar
